Directory Of Secondary Wood-using Industries In Alberta - 1989

R. A Bohning Canada Canada-Alberta Forest Resource Development Agreement Alberta

designated by the Historic Sites and Monuments Board of Canada. It was built in 1926 to replace a wooden hotel which burned down in 1888. The hotel's designation is representative of the growth of post-secondary educational institutions in the region. The directory of secondary wood-using industries in Alberta, 1989, provides information on the environmental sound processing and use of wood and fiber resources. The National Association for Forest Products Industry, in collaboration with Evergreen Partnership, has compiled this directory. The directory includes research on the growth of post-secondary educational institutions in Alberta, the growth of the forest products industry, and research on wood and fiber resources. The directory also includes information on the growth of the forest products industry in Alberta, the growth of the forest products industry in the United States, and research on the growth of the forest products industry in the United States. The directory is available in the publications by series, Canada-Alberta Agreement Documents, Directory of secondary wood-using industries in Alberta, 1986, Directory of secondary wood-using industries in Alberta, 1989, Directory of primary wood-using industries in Alberta, 1988, and Directory of secondary wood-using industries in Alberta, 1989. The directory is also available in the publications by series, Canada-Alberta Agreement Documents, Directory of secondary wood-using industries in Alberta, 1989.
